INTERIM DIRECTORS' REPORT

The directors of the Company hereby present the interim report and the unaudited interim condensed financial statements for the six-month period ended 30 June 2026.

PRINCIPAL ACTIVITY

The Company has been established to act as a finance company through which the Von der Heyden Group, which the Company is a part of, will continue to finance its projects.

The Von der Heyden Group is principally involved in real estate investments, property management, development and leasing, hospitality and tourism operations and hotel management across Europe including Italy, Malta, Poland, and Spain.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is mainly dependent on the business prospects of the Von der Heyden Group, and consequently, the operating results of the Group have a direct effect on the Company's financial position and performance, including the ability of the Company to meet the obligations arising on the debt securities in issue.

The Company's assets consist principally of the amounts on-lent to the parent company and group undertakings and the accrued interest thereon. Therefore, the ability of these companies to affect payments to the Company of the amounts due will depend on their respective cash flows and earnings.

The parent company, TIMAN Investments Holdings plc, has provided a corporate guarantee in favour of the bondholders and noteholders to affect the due and punctual performance of all payment obligations undertaken by the Company under the Listed Bonds and Private Notes if it fails to do so. Also, the parent company has provided a corporate guarantee in favour of the Company to affect the due and punctual performance of all the payment obligations undertaken by the related party borrowers under the Company's loans if the said borrowers fail to do so.

REVIEW OF THE BUSINESS

During the period under review, the Company registered a net finance income of €155,281 (2025: €206,143). Finance income on the amounts advanced to the parent undertaking and to related entities amounts to €1,275,984 (2025: €1,324,201). Finance costs comprise of the interest payable on the outstanding debt securities in issue and the amortisation of the bond issue cost thereof amounting to €1,120,703 (2025: €1,118,058). Administrative expenses in the period under review comprise mainly of listing fees, audit and consulting fees, group service charges and directors' emoluments.

The Company, as the issuer of the bonds, does not have any substantial assets apart from the loans receivable from the parent company and other group undertakings. As at 30 June 2026, the period end of the current period under review, the Company had €33,384,334 (31 December 2025: €33,384,334) in loans receivable from the parent company, and €3,724,745 (31 December 2025: €3,724,745) from group undertakings.

FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks, including capital risk, credit risk, liquidity risk, interest rate risk and fair values. Refer to note 14 to the interim condensed financial statements.

RELATED PARTY TRANSACTIONS

During the six months period ended 30 June 2026, there have been no material related party transactions which have not been concluded under normal market conditions.

GOING CONCERN STATEMENT PURSUANT TO CAPITAL MARKET RULE (CMR) 5.62

As at 30 June 2026, the Company had total debt securities in issue amounting to €40 million, which comprise of €35 million "Listed Bonds" and €5 million "Private Notes". The Listed Bonds, with nominal value of €100 each aggregating to €35 million, bear interest of 5% *per annum*, payable annually every 16 December, and have a redemption date of 16 December 2032. The Private Notes, which were issued in 2023, have an aggregate principal value €5 million, bear interest of 7.4% *per annum* payable annually every 22 September, and have a redemption date of 22 September 2026.

As disclosed in notes 8 and 11 to the interim condensed financial statements of the Company, TIMAN Investments Holdings plc (the "Parent Company") provided a corporate guarantee in favour of the bondholders and in favour of the Company to affect the due and punctual performance of all payment obligations undertaken by Von der Heyden Group Finance p.l.c. under the bonds and all payment obligations by the related party borrowers to the Company, if they fail to do so.

The ability of the Company to meet its obligations, both in terms of servicing its debts and ultimately repaying the bondholders on the redemption date is dependent on the ability of the Company to collect amounts due from the parent company and group undertakings (notes 8 and 9) and/or the ability of the Parent Company to perform its obligations under the corporate guarantee. Accordingly, the directors make their assessment of the going concern of the Company by reference to the going concern assessment of the Group.

As at 31 December 2025, the Group's latest published financial statements report total current liabilities of €49.7 million and total current assets, including assets held for sale, of €27.1 million, resulting in a net current liability position of €22.6 million.

The Directors note that a significant proportion of the Group's current liabilities relate to specific project-related financing and contractor settlement arrangements associated with the AND2 development project in Poznań, Poland. Included within current liabilities are contractor liabilities of €24.9 million, related penalty charges of €4.7 million, a €7.1 million Polish Development Fund (*Polski Fundusz Rozwoju* or "PFR") loan maturing in December 2026 and the €5.0 million Private Notes maturing in September 2026. Collectively, these items amount to €41.7 million and represent approximately 84% of the Group's total current liabilities.

Whilst the Group's net current liability position indicates the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern, the Directors have carefully assessed the Group's liquidity position, committed funding arrangements, refinancing initiatives, expected asset realisations and cash flow forecasts. Based on this assessment, the Directors are satisfied that the Group has achievable plans in place to meet its obligations as they fall due and to secure the necessary financing required to support its ongoing operations. Consequently, the Directors consider the going concern basis of preparation to be appropriate for both the Group and the Company.

The AND2 project, a landmark Class A office development in Poznań comprising approximately 40,000 square meters of gross leasable area, the tallest tower in the city, remains the principal driver of the Group's current funding requirements. Negotiations with the general contractor have concluded and the parties are expected to execute a multi-party agreement in September 2026 involving the general contractor, the PFR and the senior lending consortium. Upon execution, the conditions precedent for the drawdown of an additional €19.5 million PFR facility will be satisfied. Together with the agreed shareholder contributions, these funds will enable the settlement of outstanding contractor obligations and the conversion of a significant portion of project-related liabilities into longer-term financing arrangements.

Furthermore, the available and undrawn €55 million senior lenders' facility from a consortium of banks will be applied to finance the remaining mechanical and engineering works forming Phase 3 of the project together with the fit out works targeted for completion from the recommencement of the main works. The senior lending facility is subject to customary conditions precedent including the achievement of agreed pre-leasing levels.

During 2026, the Group also completed the disposal of the Długi Targ Hotel property in Gdańsk, Poland. The transaction generated net proceeds approximately €6.2 million after the settlement of related bank loan, of which €4 million was applied towards the settlement of contractor-related liabilities, while the balance has contributed to the Group's general liquidity requirements.

GOING CONCERN STATEMENT PURSUANT TO CAPITAL MARKET RULE (CMR) 5.62 – continued

Finally, the Group continues to pursue additional liquidity-enhancing initiatives. This includes the disposal of the plot adjacent to the AND2 project which has the potential for future mixed-use development, the disposal of some non-core assets of the Group, increasing the existing lending facilities secured on properties in Lublin, Poland and Lucca, Italy, as well as obtaining a new facility of approximately €10 million with a Maltese banking institution which is already in the advanced stages of negotiation. In parallel, management is actively progressing refinancing and repayment initiatives in relation to the €5.0 million Private Notes maturing in September 2026.

Having considered the status of the AND2 funding arrangements, the progress achieved on refinancing initiatives, the completed asset disposals and the Group's forecast cash flows, the Directors have a reasonable expectation that the Group and, consequently, the Company will have adequate resources to continue in operational existence and meet their obligations as they fall due for a period of at least twelve months from the date of approval of these interim condensed financial statements. Accordingly, the interim-condensed financial statements have been prepared on a going concern basis.

STATEMENT PURSUANT TO CMR 5.75.3

We confirm that, to the best of our knowledge and that of the management of the Company, the unaudited interim condensed financial statements give a true and fair view of the financial position of the Company as at 30 June 2026, and of its financial performance and its cash flows for the six-month period then ended, in accordance with International Financial Reporting Standards as adopted by the EU applicable to interim financial reporting, i.e. IAS 34 *Interim Financial Reporting*.

Furthermore, the Interim Directors' Report includes a fair review of the information required in terms of CMRs 5.81 to 5.84.

The unaudited interim condensed financial statements attached to this report have been reviewed in terms of International Standard on Review Engagements (ISRE) 2410 *Review of interim financial information* performed by the independent auditor of the Company. The comparative amounts reflect the position of the Company as included in the audited financial statements for the year ended 31 December 2025 and the unaudited and reviewed results for the period ended 30 June 2025, as applicable.

EVENTS AFTER THE REPORTING PERIOD

There have been no other events after the reporting period that would require adjustments to or disclosure in the financial statements except as disclosed in Note 15.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Von Der Heyden Group Finance p.l.c. ("the Company") was incorporated on 15 September 2016 as a public limited liability company, registered in terms of the Companies Act (Cap. 386) with company registration number C 77266. It is domiciled in Malta, having its registered office at Trident Park, Notabile Gardens, No. 6, Level 1, Office 7, Mdina Road, Central Business District Zone 2, Birkirkara, CBD2010, Malta. The ultimate parent company is Von der Heyden Group Holding B.V. a company registered in Curacao, with its registered address at Landhuis Groot Kwartier, Groot Kwartierweg 12, Curacao. The ultimate controlling party of Von der Heyden Group Holding B.V. is Mr. Sven von der Heyden.

2. BASIS OF PREPARATION

The financial information of the Company as at 30 June 2026 and for the six-month period then ended reflects the financial position and performance of Von Der Heyden Group Finance p.l.c. The comparative amounts reflect the position of the Company as included in the audited financial statements for the year ended 31 December 2025 and the unaudited and reviewed results for the period ended 30 June 2025 as applicable.

These interim condensed financial statements are being published pursuant to Capital Markets Rule (CMR) 5.74 issued by the Malta Financial Services Authority (MFSA) and the Prevention of Financial Markets Abuse Act (Cap. 476 of the Laws of Malta), 2005. The interim condensed financial statements attached to this report have been reviewed in terms of International Standard on Review Engagements (ISRE) 2410 *Review of interim financial information* performed by the independent auditor of the Company. The interim condensed financial statements have been prepared in accordance with International Financial Reporting Standards adopted for use in the European Union (EU-IFRS) for reported interim condensed financial information (IAS 34 *Interim Financial Reporting*) and in terms of the CMRs 5.81 to 5.84.

The interim condensed financial statements have been prepared in accordance with the same accounting policies, presentation and methods of computation adopted in the Company's most recent annual financial statements for the year ended 31 December 2025.

These interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at 31 December 2025, which form the basis for these interim condensed financial statements. These interim condensed financial statements are intended to provide an update on the latest complete set of annual financial statements, and accordingly they focus on any new activities, events and circumstances.

3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE COMPANY

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2025, except for the adoption of new standards effective as of 1 January 2026. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2026, but do not have an impact on the interim condensed financial statements of the Company.

New standards, interpretations and amendments to standards effective and applied in the current period

The following amendments to published and adopted standards took effect in the current year:

- *Classification and Measurement of Financial Instruments* – Amendments to IFRS 9 and IFRS 7 (issued on 30 May 2024, effective 1 January 2026)
- *Contracts Referencing Nature-dependent Electricity* – Amendments to IFRS 9 and IFRS 7 (issued on 18 December 2024, effective 1 January 2026)
- Annual Improvements Volume 11 (issued on 18 July 2024, effective 1 January 2026)

These amendments did not have an impact on these interim condensed financial statements.

3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE COMPANY - continued

New standards, interpretations, and amendments to standards adopted by the European Union but not yet effective in the current period

The following amendments to existing standards have been published but are not yet effective for the current period and which the Company has not adopted early but plans to adopt upon their effective date.

- IFRS 18 *Presentation and Disclosure in Financial Statements* (issued on 9 April 2024, effective 1 January 2027). IFRS 18 will introduce new requirements for presentation within the statement of profit or loss and will also requires disclosure of management-defined performance measures in the notes. Such new requirements will be limited for the Company in view of the Company's main activity being that of a financing company. The only expected changes to the Statement of Profit or Loss and Other Comprehensive Income for the Company will be a change in terminology. 'Net finance income' will be the equivalent of 'Gross profit' under IFRS 18 and a new subtotal will be included under administrative expenses as 'Operating profit'.

New standards, interpretations and amendments to adopted standards that are not yet effective nor adopted by the European Union

The following new standards and amendments to adopted standards have been published by the International Accounting Standards Board (IASB) but are not yet effective in the current period and have not yet been adopted in the European Union:

- IFRS 19 *Subsidiaries without Public Accountability: Disclosures* (issued on 9 May 2024)
- Translation to a Hyperinflationary Presentation Currency – Amendments to IAS 21 *The Effects of Changes in Foreign Exchange Rates* (issued on 13 November 2025)
- IFRS 20 *Regulatory Assets and Regulatory Liabilities* (issued 27 May 2026)

These new standards and amendments are not expected to have an impact on the financial position and/or performance of the Company when they become effective.

4. SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of directors that makes strategic decisions. The Board considers the Company to constitute one reportable segment in view of its activities.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In preparing these interim condensed financial statements, the directors have made judgements, estimates and assumptions that affect reported amounts. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events, that are believed to be reasonable under the circumstances. The significant judgements made in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

6. GOING CONCERN

As at 30 June 2026, the Company had total debt securities in issue amounting to €40 million, which comprise of €35 million "Listed Bonds" and €5 million "Private Notes". The Listed Bonds, with nominal value of €100 each aggregating to €35 million, bear interest of 5% *per annum*, payable annually every 16 December, and have a redemption date of 16 December 2032. The Private Notes, which were issued in 2023, have an aggregate principal value €5 million, bear interest of 7.4% *per annum* payable annually every 22 September, and have a redemption date of 22 September 2026.

As disclosed in notes 8 and 11 to the interim condensed financial statements of the Company, TIMAN Investments Holdings plc (the "Parent Company") provided a corporate guarantee in favour of the bondholders and in favour of the Company to affect the due and punctual performance of all payment obligations undertaken by Von der Heyden Group Finance p.l.c. under the bonds and all payment obligations by the related party borrowers to the Company, if they fail to do so.

6. GOING CONCERN - *continued*

The ability of the Company to meet its obligations, both in terms of servicing its debts and ultimately repaying the bondholders on the redemption date is dependent on the ability of the Company to collect amounts due from the parent company and group undertakings (notes 8 and 9) and/or the ability of the Parent Company to perform its obligations under the corporate guarantee. Accordingly, the directors make their assessment of the going concern of the Company by reference to the going concern assessment of the Group.

As at 31 December 2025, the Group's latest published financial statements report total current liabilities of €49.7 million and total current assets, including assets held for sale, of €27.1 million, resulting in a net current liability position of €22.6 million.

The Directors note that a significant proportion of the Group's current liabilities relate to specific project-related financing and contractor settlement arrangements associated with the AND2 development project in Poznań, Poland. Included within current liabilities are contractor liabilities of €24.9 million, related penalty charges of €4.7 million, a €7.1 million Polish Development Fund (*Polski Fundusz Rozwoju* or "PFR") loan maturing in December 2026 and the €5.0 million Private Notes maturing in September 2026. Collectively, these items amount to €41.7 million and represent approximately 84% of the Group's total current liabilities.

Whilst the Group's net current liability position indicates the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern, the Directors have carefully assessed the Group's liquidity position, committed funding arrangements, refinancing initiatives, expected asset realisations and cash flow forecasts. Based on this assessment, the Directors are satisfied that the Group has achievable plans in place to meet its obligations as they fall due and to secure the necessary financing required to support its ongoing operations. Consequently, the Directors consider the going concern basis of preparation to be appropriate for both the Group and the Company.

The AND2 project, a landmark Class A office development in Poznań comprising approximately 40,000 square meters of gross leasable area, the tallest tower in the city, remains the principal driver of the Group's current funding requirements. Negotiations with the general contractor have concluded and the parties are expected to execute a multi-party agreement in September 2026 involving the general contractor, the PFR and the senior lending consortium. Upon execution, the conditions precedent for the drawdown of an additional €19.5 million PFR facility will be satisfied. Together with the agreed shareholder contributions, these funds will enable the settlement of outstanding contractor obligations and the conversion of a significant portion of project-related liabilities into longer-term financing arrangements.

Furthermore, the available and undrawn €55 million senior lenders' facility from a consortium of banks will be applied to finance the remaining mechanical and engineering works forming Phase 3 of the project together with the fit out works targeted for completion from the recommencement of the main works. The senior lending facility is subject to customary conditions precedent including the achievement of agreed pre-leasing levels.

During 2026, the Group also completed the disposal of the Długi Targ Hotel property in Gdańsk, Poland. The transaction generated net proceeds approximately €6.2 million after the settlement of related bank loan, of which €4 million was applied towards the settlement of contractor-related liabilities, while the balance has contributed to the Group's general liquidity requirements.

Finally, the Group continues to pursue additional liquidity-enhancing initiatives. This includes the disposal of the plot adjacent to the AND2 project which has the potential for future mixed-use development, the disposal of some non-core assets of the Group, increasing the existing lending facilities secured on properties in Lublin, Poland and Lucca, Italy, as well as obtaining a new facility of approximately €10 million with a Maltese banking institution which is already in the advanced stages of negotiation. In parallel, management is actively progressing refinancing and repayment initiatives in relation to the €5.0 million Private Notes maturing in September 2026.

Having considered the status of the AND2 funding arrangements, the progress achieved on refinancing initiatives, the completed asset disposals and the Group's forecast cash flows, the Directors have a reasonable expectation that the Group and, consequently, the Company will have adequate resources to continue in operational existence and meet their obligations as they fall due for a period of at least twelve months from the date of approval of these interim condensed financial statements. Accordingly, the interim-condensed financial statements have been prepared on a going concern basis.

7. EARNINGS PER SHARE

GUARANTEE

TIMAN Investments Holdings plc, the parent company, has provided a corporate guarantee in favour of the bondholders and noteholders to affect the due and punctual performance of all payment obligations undertaken by the Company under the Bonds and Notes if it fails to do so. Also, the parent company has provided a corporate guarantee in favour of the Company to affect the due and punctual performance of all the payment obligations undertaken by the related party borrowers under the Company's loans if the said borrowers fail to do so.

12. RELATED PARTY TRANSACTIONS

The Company's related parties include its ultimate parent company, parent company, fellow subsidiary companies and associates of which TIMAN Investments Holdings plc is the parent company, key management and all other parties forming part of the Group.

Related party transactions are entered into on a commercial basis with entities which are related by way of common shareholders who are able to exercise significant influence over the Company's operations. The Company has affected advances to these entities as disclosed in note 8 and 9 to the financial statements.

Finance income for the interim period includes interest income from loans to related parties of €1,275,984 (2025: €1,324,201). Administration expenses in the interim period include directors' remuneration of €53,960 (2025: €51,000) and management fees to a related group company of €27,207 (2025: €50,165).

13. TAXATION

No tax charge is recognised as at 30 June 2026 as the Company has sufficient unutilised tax losses and group loss relief from the previous period.

14. FINANCIAL INSTRUMENTS

At interim period end, the Company's main financial assets in the statement of financial position comprise cash and cash equivalents, other receivables and loans receivables. At interim period end, there were no off-balance sheet financial assets.

At interim period end, the Company's main financial liabilities in the statement of financial position comprise bonds payable and trade and other payables. At interim period end, there were no off-balance sheet financial liabilities.

Exposure to credit and liquidity risks arise in the normal course of the Company's operations.

TIMING OF CASH FLOWS

The presentation of the financial assets and liabilities listed above under the current and non-current headings within the statement of financial position is intended to indicate the timing in which cash flows will arise.

CAPITAL RISK MANAGEMENT

The Company manages its capital to ensure that it will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance. The capital structure of the Company consists of debt, which includes the borrowings disclosed in note 11, equity attributable to equity holders, comprising issued share capital and retained earnings as disclosed in the statement of changes in equity.

CREDIT RISK

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Financial assets which potentially subject the Company to concentrations of credit risk consist principally of loans advanced to related companies and the accrued interest thereon and cash at bank.

The recoverability of the loans advanced to related companies and the accrued interest thereon is dependent on the performance of these companies and their ability to affect payments to the Company under such loans. After considering the performance and the outlook of the business of such companies, the Directors believe that the credit risk on such loans is limited.

The credit risk relating to cash at bank is considered to be low in view of management's policy of placing it with quality financial institutions.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset, as disclosed in notes 8, 9 and cash and cash equivalents.

LIQUIDITY RISK

The Company is exposed to liquidity risk in relation to meeting future obligations associated with its financial liabilities, which comprise the bonds payable in issue and the trade and other payables. Prudent liquidity risk is managed by maintaining significant levels of liquid funds and identifying and monitoring changes in funding to ensure the available amount of funding to meet the Company's obligations.

The Company forms part of the Von der Heyden Group. The Company has advanced most of the amounts borrowed by way of Bonds and Notes to companies within the Von der Heyden Group through the parent company and directly to some group undertakings (see Notes 8 and 9). This implies that the Company would have to receive settlement of interest and principal amounts due from the parent company and from the group undertakings in order to be able to meet its debt servicing obligations as they fall due, as well the principal amount of the Bonds and Notes on maturity.

The Directors monitor liquidity risk by forecasting the expected cash flows in order to ensure that adequate funding is in place in order for the Group to be in a position to meet its commitments as and when they fall due.

14. FINANCIAL INSTRUMENTS - continued**LIQUIDITY RISK – continued**

The table below analyses the Company's financial liabilities by the remaining contractual maturities using the contractual undiscounted cash flows:

	Within 1 year €	1 to 2 years €	2 to 5 years €	Over 5 years €	Total €

Debt securities in issue	7,187,030	1,750,000	5,250,000	38,500,000	52,687,030
	7,253,944	1,750,000	5,250,000	38,500,000	52,753,944
31 December 2025					
Trade payables	70,071	-	-	-	70,071
Debt securities in issue	7,189,315	1,750,000	5,250,000	38,500,000	52,689,315
	7,259,386	1,750,000	5,250,000	38,500,000	52,759,386

INTEREST RATE RISK

In view of the nature of its activities, the Company's transactions consist of interest income on the loans advanced to related companies from the proceeds of the Bonds and Notes issues and the interest payable on the bonds. However, these are independent of changes in market interest rates. Both the loans receivable from related companies and the bonds are subject to fixed interest rates. The Company charges a higher lending rate on its receivables to cover its operating expenses. Also, most of the loans receivable have maturities corresponding to the debts securities in issue.

FAIR VALUES

The carrying amounts of financial assets and financial liabilities classified with current assets and current liabilities approximated their fair values due to their short-term maturities.

The fair value of non-current financial assets is not materially different from their carrying amounts. The fair value of non-current financial liabilities can be defined by reference to the quoted market price as disclosed in note 11.

15. EVENTS AFTER THE REPORTING PERIOD

Subsequent to the reporting period, the repayment dates of the loans receivable in Note 9 have been extended to their current repayment date of 22 September 2026 from their original repayment date of 31 July 2026.

REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL INFORMATION

To the Shareholder of Von der Heyden Group Finance p.l.c.

Introduction

We have reviewed the accompanying interim condensed financial statements of Von der Heyden Group Finance p.l.c. ("the Company") which comprise the interim condensed statement of financial position as at 30 June 2026 and the related interim condensed statements of comprehensive income, changes in equity and cash flows for the six-month period then ended and a summary of significant accounting policies and other explanatory notes ("the interim condensed financial information").

Management is responsible for the preparation and fair presentation of this interim condensed financial information in accordance with International Accounting Standard (IAS) 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34, *Interim Financial Reporting*.

Emphasis of Matter

We draw attention to Note 6 to the interim condensed financial statements, which explains the Company's dependence on the results and financial position of the Timan Group. Note 6 explains the Group's current liquidity position, and explains the status of the ongoing multi-party negotiations relating to the AND2 project, management's plans to secure additional financing required, progress in satisfying banking facility drawdown requirements, and the realisation of certain other assets. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's and as a consequent, the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Other Matter

This report has been prepared for and only for the Company in relation to the Capital Market Rules issued by the Malta Financial Services Authority and for no other purpose. We do not, in producing this report, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.
